

# MY DIARY:

## -2<sup>nd</sup> day, 4/22<sup>nd</sup>/09, London:

In the morning we did a general view of the city with a local guide called Lolín. She showed us different places and buildings of the city and we also used public transports (tube and bus). After that, we had free time for having lunch and buying some typical souvenirs.

The next place that we visited was a very interesting street called Notting Hill. There we had two hours of free time to walk, buy something, and learn more about London. In this street there were a lot of shops for different things, my favourite one was a very big and curious music shop.

After that, we had some problems with the hotel and we had to change it. We went to the new hotel and we went for a walk around it to know the new zone.

## -3<sup>rd</sup> day, 4/23<sup>rd</sup>/09, London:

After that we had our breakfast in the new hotel we went to the Tower of London by tube. The Tower of London is the only part of the city of the XVIII century, because the other part was destroyed in a very big fire.

We were at the Tower of London for two hours, more or less, visiting the different buildings. We saw the warrior dressing, jewellery.. We were looking for the Horror House, but it didn't exist. To finish our visit, we were playing Twister for a few minutes.

After that, we caught the boat near the Tower of London and we got out of the boat near the Big Ben, so we saw it and we took a lot of photos. We also saw the Houses of the Parliament and a lot of Gothic buildings.

To have lunch, we went to Covent Garden, a very famous square in London. I enjoyed this part of the city,

and specially the market.

Finally, we walked from Covent Garden to Harrods, seeing China Town, Trafalgar square, St James Park.. To finish our walk, we went to the famous shopping center: Harrods.

Then we came back to the hotel and we had dinner.

#### **-4<sup>th</sup> day, 4/24<sup>th</sup>/09, London and Brighton:**

Today was our last day in London, we visited the British Museum and Camden Town. The first thing that we saw, at the British Museum, was the Roset Stone. This stone was very important for the historians because they could translate their symbols to Greek. Then we saw some sculptures, different objects about the Greek and the Egyptian civilization, Celtic objects.. I liked so much this visit because we saw some very important things for all the human beings

After the museums we went to Camden Town, that it is an amazing place with a lot of people. We visited the market and we saw very different kind of people, it was so interesting!

Then we came back to the hotel and we caught our baggage. Finally we took the bus to Brighton and we were very nervous. When we arrived in Brighton we saw our English friends, our new hotel, a little bit of the city..It was fantastic! We had lunch at the Brighton Pier. Then we went to the hotel and we went to sleep.

I enjoyed a lot this day because the British Museum was fantastic and Camden Town even more, but I'm a little bit sad because we left London. London is an amazing city and these three days were perfect. Now we want to have fun here, in Brighton, as in London, or more!

#### **-5<sup>th</sup> day, 4/25<sup>th</sup>/09, Brighton:**

Today was our first day in Brighton and it was very funny. Our first visit was Newhaven Fort, a fort used in the First and Second World Wars. It was a very interesting visit. To finish it we had a simulation of booms, After finishing a questionnaire about the visit, we had lunch and free time.

The next visit was to a typical Brighton beach, with a lot of stones and no sand. We also saw some typical chalk cliffs. The English teacher told us, that if you find a stone with one hole you'll be lucky, so we were looking for some of these stones.

After that we went to a very big supermarket to buy some snacks and we continued with our walk to The Marina. When we arrived there, we saw a lot of beautiful houses and very big boats.

We continued our walk until Brighton, we went to the hotel to leave our bags and we went to an Indian restaurant. The food was very nice but a little spicy.

After having dinner we had free time until 9.30 and we went to Brighton Pier and we saw the attractions. Finally, we went to the hotel and we went to bed to sleep.

**-6<sup>th</sup> day, 4/26<sup>th</sup>/09, Brighton:**

Today we did a lot of things, and I liked all of them. First, we went, in the morning, to Stanmer Park and we ate there doing a picnic that Oscar's wife cooked. All the food was very nice.

After having lunch, we played Rounders, but I could only be the referee and it was a bit boring, but finally was a very exciting match.

Then, we took a bus to come back to Brighton and had dinner.

Finally, we went to a ceramic shop to paint some cups, but the best time was while we were waiting out, because we laughed a lot.

It was a very good day, but we are a bit tired.

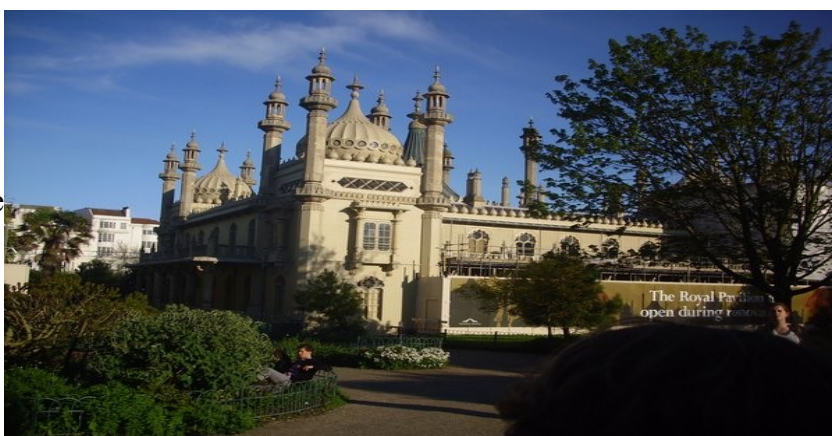

**-7<sup>th</sup> day, 4/27<sup>th</sup>/09, Brighton:** (this day, I had to write what Daniel did, and he wrote what I did)

Today Dani got up at 8 o'clock, he had breakfast and he went out to get the bus to Seven Sisters. Because of the rain, he couldn't do the things that Oscar had thought. So he went to a bar to eat something. After that, walked near the rivers. He got wet, so he came back to have a shower and have dinner here.

**-8<sup>th</sup> day, 4/28<sup>th</sup>/09, Brighton:**

Today we had a more relaxed day than yesterday. After we had breakfast and got ready, we went to the Royal Pavillion. I liked this place a lot because I have never seen a building like that. I enjoyed the guide a lot because she was a very nice woman.

After that we had free time in the Royal Pavillion Gardens and then we did a little game around the city centre.

**-10<sup>th</sup> day, 4/30<sup>th</sup>/09, Brighton:**

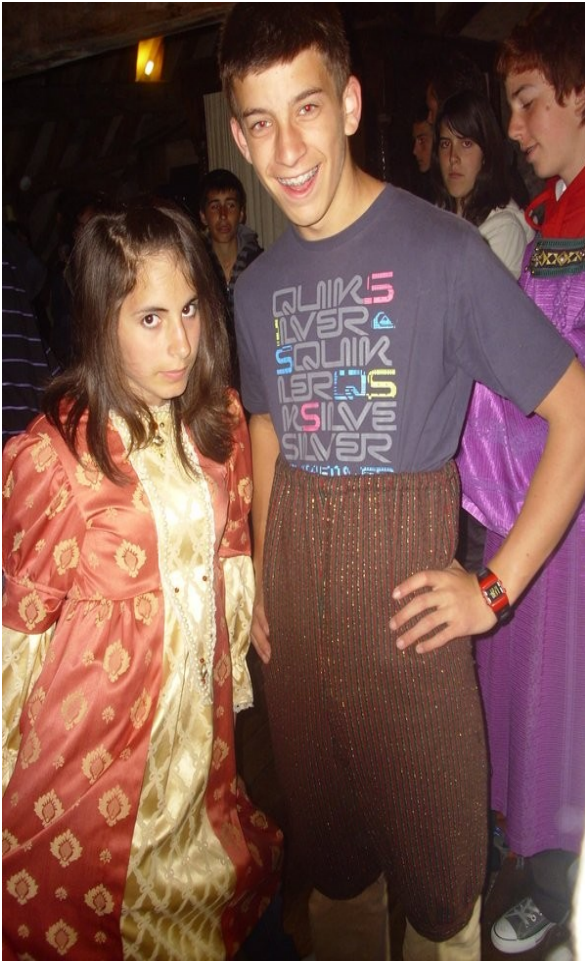

Today was a very different day. We went to Falmer School. There, we were separated in different groups for four activities: drama, computers, cooking technology and music.

The first activity that I did was cooking. Then computers, music and drama. I enjoyed all the activities a lot! Then we had a little break to eat something.

(I only wrote what we did in the morning this day, I don't remember why)

**-11<sup>th</sup> day, 5/1<sup>st</sup>/09, Brighton:**

Today was our last day here, so it was funny but also sad. In the morning we went to Lewes, a little village, to see the house-museum of Ana Cleves, one of the wives of the King Henry VIII. After that we had free time and we saw a lot of different small shops.

Then we came back to Brighton and we had free time in the Pier to finish our shoppings. After that, we went to the hotel to have a shower and we went to have dinner.

Finally, we went to Falmer School to have our party. We had a lot of fun but it was very sad too, because it was the last time that we saw our English friends.
