MY DIARY

Today in the morning we went by underground and then we went to see some famous buildings of London. Then, we went to have lunch at McDonalds (I hate this place but it is very cheap to eat). In the afternoon we went to visit Notting Hill, a famous street of London. Notting Hill is a very nice street, it has got a street market with a lot of shops. In these shops they sell t-shirts, scarves, jewellery, trousers and a lot of original things. In this street we had free time so we visited all the shops. When we visited the shops, we went to sit down in a park on the grass to wait for our teachers.

In this place there was a lot of armour, treasure with beautiful coins, statues of horses, etc. Then we went by boat on the river Thames to see London bridge, London eye and Big Ben, etc. After that, we saw Westminster Abbey (a nice Gothic building). After having lunch, we went to Harrods on foot. Harrods is a big and expensive shopping center because it sells brand-name clothes. After that we returned to our hotel by underground.

Today in the morning we went by underground to the British Museum. The front of this building is neoclassical. Inside the museum we saw Egypt relief; Greek sculptures and a temple; objects of Greek and Roman cultures with pictures about their daily life; mummies; etc. After that, we went to Camden Town to have lunch. Then we went to visit the market. In this market there was a lot of original and cheap things (I bought two beautiful bracelets). Then we went to our hotel to take our suitcase to go to Brighton and we had dinner, fish and chips.

Today was the first morning in Brighton. We went to Newhaven Fort by public bus. When we arrived, we saw an educational film. Then they gave us a questionnaire about the Newhaven Fort exhibition, and we went to a room about a bomb sham. After that, we had lunch in the same place, a sandwich. After lunch we went by bus to a beach to go for a walk. The beach had big stones so it was uncomfortable to walk. Then we went to a supermarket to buy something to drink and eat. After that, we had dinner at an Indian restaurant and the food was very nice. Finally, we went to Brighton Pier (amusement park) and I had a lot of fun.

Today in the morning, my bedroom partners and I fell asleep and Afonso woke us up. After having breakfast we went for a walk along the beach of Brighton and the center of Brighton. Then we took a bus to go to Stanmer Park. In this place we had lunch in a picnic with very nice sandwiches and other typical food of England picnic. Then, we played rounders. This is the first time that I played this sport and I liked it a lot. After that, we went to have dinner to a very nice restaurant, pasta with garlic bread and we ate ice-cream for the dessert. Finally we went to paint ceramic. I painted a heart for my mum for mother's day.

Today was a difficult day. In the morning we woke up at eight o'clock, and we had breakfast at half past eight. The weather was rainy and windy, but we went by bus to Seven Sisters. We walked a lot of time while it was rainy and cold.

We had lunch at half past twelve in an old farm. The food was very nice. We came back to the hotel by bus, and we had a hot shower.

After dinner we went to play beach volley. The sand was very wet but we had a good time.

The lessons were: food ,tecnology (my favourite lesson because we cook a lemon sponge cake and I love cooking), music (we danced *chachachá* and we played different instruments: drums, guitar or keyboard), computers (we were with English students and we made posters in the computers) and drama (we played a different funny games)

After going to school, we were to do an extra activity (gym, basketball or street dance class).

Then we went to have dinner, and after that we went to play Scalextrix.

Then we went to Falmer High School for a party. In the party there was a rock band and funny music.
