The best of this day was the Buckingham Palace, because it is the first time I saw this Palace.

In London there are a lot of monuments.

Today I tried the underground, and on Thursday I tried the plane.

At the moment I am waiting to meet Brighton students.

Dear Diary:

Today I am very tired because in the morning we were in the British Museum and at Camden Town, it is very beautiful and big.

The British Museum has got a lot of sculptures and an entrance of Parthenon from Greece.

In the Camden Town we had two hours free.

Then we went to the Lily hotel and we took the bus and went to Brighton, we spent two hours in the bus.

In Brighton we had the worst bedroom because it was salmon colour ,small and we felt apart of the group.

Brighton is very beautiful, but I missed London and Spain in particular Galiza and Brion.
