Hello!

My name is David, and I´m 14 years old. I´m writing to you because my high school (IES de Brión) is taking part in an exchange with yours.

Where I live, in my estate there is a tennis court, a basketball and football pitch and a park.

I like all music for example “Amaral” which is a famous group here, in Spain.

I also like a lot of sports: football, tennis, basketball... My favourite sport is football, I play in Brión's team (U.D. Bastavales, it is called); but I played in a basketball team (Obradoiro) two years ago.

I keep budgies, the whole family of them: the parents and two sons, but they live outside. At the moment the mother has got five eggs.

Good bye

See you soon

David
