*Hi!! Today is the day than I start to write in this diary , I'm going to speak about the first day:*

*In the morning I got up at seven o'clock and went to have breakfast , later a woman came to show us the city because she is a guide, we went in the underground!!!! And also in a bus , but a bus with two floors , I liked it!! I liked the places that we visited. After we went to a catholic cathedral.*

*In the afternoon we went to visit a museum but we didn't see it. But now it's night and we stay in another hotel , this hotel isn' t as good as the other but it's better than sleeping in the street. Now goodbye because I'm tired.*

*Thursday 24 April 2009*

*Today we went to many interesting places.*

*In the morning we went to the tower of London , visited a group and first I saw the Bloody tower that was a place for tortured people in the past . Normally they tortured political prissoners accused of treason , I liked this tower . After we went to the White Tower where there was a*

representation of Henry VIII, his Armour was interesting because it was an Armour specially made for his body , and we played strange games we had to throw arrows and more. And also we saw a man who was a soldier, after we went by boat where we saw more things for example : The Big Ben , The Tower of London , The London Eye , and more , We saw a statue of a man whose name was Oliver Cromwell, this important man governed in the Republic, he was born in 1599 and died in 1658. Next we went to have lunch in a restaurant where the people were very very nice , but later we went to Harrods ( shopping centre) , and people are stupid they didn't allow the entry to some people ! Next we went to the park and came back by underground. And now I dont have more time to write because we have a meeting with Carmen.
