

Hello,

My name is Darío. I'm 14 years old. I'm at IES Brión and I am going to take part in the exchange.

I live in a house with my parents, my brother, my sister and my grandmother.

I do swimming on Mondays and Wednesdays and I play basketball in my free time and ride my bike with my friend Gonzalo.

I live in a village near Bertamiráns and my home is quite big. I haven't got any pets. My favourite food is spaghetti and my favourite activity is chatting on the internet. I like going fishing on Sundays with my father, and eating pizza at night.

I'm looking forward to going to London and practising English, I look forward to you coming to Brión.

See you soon.

Kisses

Darío
