

COMENIUS PROJECT BILATERAL 08-10

April, 22nd , 2009

1st day:

We arrived here yesterday **afternoon** at Royal National Hotel. We walked around the hotel to know the place for some hours.

2nd day:

Today was our first day in London and **woke** up at seven o'clock **to** have breakfast at eight o'clock and at nine we received **a** guide and we did a tour around London. We saw a lot of important buildings like **Buckingham Palace**, **the** Cristal Palace... We **walked** a lot and we used the underground and the famous London red buses.

At the end of the tour we had free time to eat and buy something, and then, we went to Nothing Hill. There is a famous street market. It is a very long street with a lot of nice and **peculiar** shops. Some of them are of **diferent** cultures like **Cuba**, Asia... You can see a lot of different types of clothes shops, shoe shops, book or music shops...

I loved it so much, and I enjoyed this visit a lot because we had a lot of free time to be free to decide what shops **we wanted** to see or when. It was **very**, very **funny** !!

3rd day:

Today we had breakfast at a quarter to eight. Then we went to the Tower of London and we visited all the buildings inside, we saw all the museums... at a quarter past twelve we met all together and we went

to do a tour on the river, there we saw the London Eye, the Big Ben...it was very interesting and funny (but I think a little bit short).

When we finished the tour we knew new places around the Big Ben and there we travelled by the underground to Covent Garden. Then, in the Covent Garden, we had a little time to eat or buy something.

In the afternoon we walked a lot. We went on foot from Covent Garden to Harrods (the big famous commercial area). The walk was very nice and beautiful because that is the best way to know a place. But our big problem was that we were very, very tired and we didn't enjoy it so much.

We saw Chinatown, Trafalgar Square, Buckingham Palace...

Today was, like yesterday, very funny !!

4th day:

Today was our last day in London. We went to the British Museum and it was very interesting. First we saw the Egypt zone, Greek, Roman (Egyptian, Greek and Roman sections) and then we saw the part where we saw how was the life in the Roman age. At the end of the morning we went to Camdem Town. It is a long, long street with a very big street market. All the shops are very peculiar and nice. There you can see all the

punk movement of London and a lot of freak shops (like one with electronic clothes).

We bought a lot of things and we had lunch there. It was my favourite place of all we saw in London. After having lunch we went to the hotel, we picked up our bags and we went to Brighton. We had dinner in Brighton Pier.

5th day:

Today was our first day here in Brighton. In the morning we had breakfast and then we went to Newhaven Fort to see a good place that English people used in the first and the second **World War**. It was a refuge and a **defensive** wall.

After that we went to do a **beautiful** and long walk near the beach. At the end of the walk we went to have dinner in **an** Indian restaurant. Then we went to Brighton Pier to have free time and we went to the theme park.

6th day:

Today we went to walk around the old part of Brighton. After that we went to the Stamer Park to have a nice picnic. Oscar's wife cooked a lot of typical food for us and it was very nice.

We went to have dinner to a restaurant near the pier. **At** night we went to paint **ceramics**

7th day:

Today we went to Seven Sisters to walk a lot but, we **could't** because the day was very bad, it was **wet** and windy. We walked a little just to see the beach and we **had** to come back so soon. We ate **on the way** and after that we came back to the hotel to have a shower because we were very, very wet. We **had** free time to rest and we met in the **PUB** with the teachers to give Arron his **birth**day present. It was a very cool **t**-shirt, a hat and a funny card.

Finally today was very wet !!

8th day:

Today we went to play cricket. I **enjoyed** the day because I was playing with my friends and I was learning a new game but, I don't like this game a lot. I think is a little bit **boring** and in comparison to rounders (because they have some similar things) I prefer rounders.

9th day:

Today we went to Falmer High School. We did four groups and we went to some different lessons ,**cooking**, **computers**, music and drama. **At** the computer lesson we did a poster about our activities here in Brighton, in drama we played some games, in the music lesson we danced cha-cha-cha and we played the keyboard and **at** the cookery lesson we made a chocolate cake. In the afternoon we had an **extra****school** lesson about street dance. It was very nice and we had a lot of fun. In the evening we went to scalextric and we did a competition. Miguel won. It was **so** funny.

10th day:

Today was our last day here in Brighton. We had breakfast at a quarter **past** seven and we met **downstairs** at eight o'clock to go to take the bus to Falmer School to **meet** Falmer students and took another bus with them. We went, all together, to Lewes. A nice typical English place. There we had free time to visit) t and we went to see **Henry VIII's wife house**. After that we went to have

lunch at a big and beautiful garden.

In the afternoon we had free time in Brighton Pier and we had dinner in Harvester.

Finally we had a very funny sad party to say goodbye the Falmer students.
